## **WELCOME TO FORT CAMPBELL, KENTUCKY**

### **Home of the 101ST Airborne Division (Air Assault)**

For over half a century, first as a camp and later as a post, Fort Campbell has had a proud heritage as home of the nation's finest fighting forces. Fort Campbell is home of the Army's only Air Assault Division. The 101st Airborne Division (Air Assault) consists of four combat brigades plus the 101st Aviation Brigade, 159th Aviation Brigade, 101st Sustainment Brigade and several separate commands.

The five major tenant units at Fort Campbell include the 5th Special Forces Group (Airborne), 160th Special Operations Aviation Regiment (Airborne), U.S Army Medical Activity, TN Valley District Corps of Engineers, and U.S Army Dental Activity.

Although the units and men and women here have widely different missions and jobs, they are here for one purpose -- to be ready to defend the nation. Infantry, mechanics, pilots, cooks, -- they are all on the move with the modern Army at Fort Campbell.

Much like a large city, Fort Campbell has its own supermarket, shopping mall, medical facilities, neighborhoods, and churches. The important thing to remember is that not only are all of these things available, but the people here really want to serve you.

If you like sports and recreation, you're in a great place. Almost every type of recreation and athletics are available. A golf course, pools, lakes, a bowling center, turkey and deer hunting, fishing, horseback riding, craft shops, and much more are all around you.

The Capital of Country Music, Nashville, is to the southeast, Mammoth Cave National Park is to the north, and Kentucky Lake and Lake Barkley are to the west -- all combined to offer total variety for the traveler and visitor. There is plenty to see and do on a short weekend or a month's leave -- in both Kentucky and Tennessee.

Welcome to Fort Campbell -- may your stay be enjoyable and your tour of duty professionally rewarding.

The **EAGLE INFORMATION GUIDE** is an informational booklet, compiled and coordinated by Army Community Service in the interest of all Fort Campbell Soldiers, Family Members, civilian employees, contract personnel and community members. The Army Community Service staff and Volunteer Corps thank all individuals who contributed to this issue. Our goal is to update the EAGLE INFORMATION GUIDE annually.

# 101st Airborne Division Song “Rendezvous With Destiny”

*(All Soldiers assigned or attached  
to Fort Campbell will learn the  
Screaming Eagle Song.)*

*“We have a rendezvous with destiny.  
Our strength and courage strike the spark  
that will always make men free.  
Assault right down through the skies of blue;  
Keep your eyes on the job to be done.  
We’re the Soldiers of the hundred-first;  
we’ll fight til the battle’s won!”*

TAP Employment Workshops are designed to give basic knowledge and skills to plan and execute a successful job search.

**VA Benefits Briefing** (call or visit ACAP to reserve a seat)

The best place to learn about VA benefits is at a VA Benefits Briefing. VA counselors can tell you about your benefits, outline eligibility criteria, answer your questions and even give you advice for

completing and filing your applications.

**DTAP Briefing** (call to schedule an appointment)

This is an integral component of transition assistance that involves intervention on behalf of service members who may be released because of a disability or who believe they have a disability qualifying them for VA's Vocational Rehabilitation and Employment Service Program.

**Step III: ACAP Center Visits**

Participants are encouraged to return to the ACAP Center to ensure all needed services were fully utilized. **Phone:** (270) 956-0210

**Location:** BACH "C" Building, 2nd Floor in the Well Baby Clinic

**Hours of Operation:** Monday-Friday, 0800-1630

Blanchfield Army Community Hospital has two Registered Nurses who are International Board Certified Lactation Consultants. Patients should consider speaking with a certified Lactation Consultant before and after giving birth. Prior to delivery is the perfect time to learn as much as possible about breastfeeding, talk about previous breastfeeding or lactation, understand how breastfeeding can change with more than one baby or a baby who may be sick or delivered early, find out if having a breast surgery will affect breastfeeding, ask questions about breast or nipple concerns or just find out solutions to possible breastfeeding hurdles in advance. Speaking with a Lactation Consultant after delivery is great if patients are concerned about a baby's weight, have questions and concerns about a baby's activity during or after feeding, have concerns about too much or too little milk, are separated from their breastfeeding baby due to a hospitalization. A Lactation Consultant can help patients identify the cause of a problem effecting breastfeeding for milk production, make suggestions about how to correct a problem, work with patients to create a plan of care; suggest supplies or tools patients can use to improve the breastfeeding

experience (some supplies are provided during consultations if the Lactation Consultant confirms there is a need), provide patients with written education and/or instructions, share information about other breastfeeding support and resources in the community, and provide follow-up consultations as needed.

**Breastfeeding Classes and Peer Support at BACH**—The Third Trimester Breastfeeding Class covers position and latch techniques, how to assess for milk transfer from mother to infant, how human milk production occurs, and reviews common breastfeeding concerns. The class is usually offered every other Friday from 1-3 p.m. in the Mother Baby Unit (MBU) classroom (located in “A” Building on level 2 between MBU and Labor and Delivery). The M.O.M. and Me Group is a support group for breastfeeding mothers. It offers them a chance to get out of the house and talk with other moms, share information and experiences, weigh the infant, and speak with an International Board Certified Lactation Consultant. The group meets 1-3 p.m. every Monday (except for federal holidays) in the Mother Baby Unit (MBU) classroom (located in “A” Building on level 2 between MBU and Labor and Delivery).

**Pump Programs**—The Patient Breast Pump Program provides an electric breast pump to inpatients who would like to use one while they are admitted to Blanchfield Army Community Hospital. An electric breast pump is issued to the Soldier after her infant’s 2 week old follow-up well visit. Active duty Soldiers interested in this program should speak with a Lactation Consultant the same day of the baby’s visit with a provider.

#### **Residential Lease Agreement**

A residential lease agreement can be an oral agreement and recognized as a binding lease, however, it is advised you use a written lease to clearly document contractual rights and obligations of both parties. You and the rental agent/landlord should initial any additions or deletions made to the lease. Read and be sure you understand the lease before signing. If you have any problems understanding the lease agreement you may request assistance from the Staff Judge Advocate (SJA) or Housing Services Office review it.

Most rental agencies require you to pay a fee to complete an application/credit check to obtain a residential lease agreement. Credit checks are conducted to obtain payment histories with your previous landlords. If you are denied an opportunity to lease a residential rental unit due to unfavorable credit, do not continue to apply as the cost will add up fairly quickly. We have established long term relations with many local area Property Managers, so please visit the HSO before you complete another application and pay another credit check fee. We are located in the main Housing Office, Building 850, 16<sup>th</sup> Street and Georgia Avenue. You may also contact us via telephone at (270) 798-3808.

#### **Security Deposits**

A security deposit may be required by a landlord before you move in and, usually, is the equivalent of a month's rent or less or none at all. This deposit may be used to cover damages above normal wear & tear or under certain circumstances may be used to cover unpaid rent when you move out. If you keep your rental in good shape so that there

are no charges for damages involved and no rent is due, you should ask for your security deposit back. Remember, security deposits are not advanced rental fees and are not to be used to pay your last months rent.

**Cautionary Areas**

Fort Campbell publishes an Off-limits establishment listing quarterly on the Fort Campbell website. In addition, a copy is contained in each in-processing packet issued by the Housing Services Office. (HSO)
