Multiple listings of agents from Madison National with active suspensions at other Service training installations using captive audiences and soliciting members in an on-duty status. MCAS Yuma is one of the largest training facilities where service-members in an on-duty status where service members from all over the world come to train. The potential for captive audiences and large groups of on-duty Marines concentrated in a small "main side" make this installation particularly vulnerable to insurance practices such as those previously attributed to Madison National agents.
